

Statement of Qualifications

Summary of CM Capabilities

OVERVIEW

Pride Resource Partners LLC (Pride) is a CPUC-certified LGBT-owned diverse business enterprise that specializes in the **power and utilities sector**.

We offer expertise in **construction management**, program management, project management, facilities planning, and technical resourcing. Through functional and strategic resource management, we can arrange additional expertise needed to deliver full-cycle, turnkey projects. Our targeted consulting services provide **skilled professionals, teams of project leaders, and subject matter experts** who manage and implement our clients' business-critical initiatives.

Pride has provided professional consulting services on multiple substation construction projects and related utility infrastructure projects.

Please contact us to learn more about our team and how we can assist you in achieving your goals.

Pride is a triple-bottom-line company whose corporate culture values diversity and inclusion, environmental sustainability, and community stewardship. Our high-quality, dedicated, skilled professionals, project leaders, and subject matter experts have a proven track record of delivering high-quality construction management services that exceed performance expectations.

WHY PARTNER WITH PRIDE?

- Impeccable record of **safety**: ISNetworld “A” rating and Veriforce compliant
- Helping our clients meet and exceed their **diversity** business goals
- Agility, responsiveness, and our **track record** of identifying and placing quality talent
- Active and employee **engagement** to integrate resources into project teams
- **Quality** resources who achieve success and eliminate or reduce risk
- Core value to be ethical, transparent, and to always act with **integrity**

The Pride team has successfully fast-tracked project licensing, complex planning, and phasing, while both accommodating project footprint siting and minimizing disruptions to the customer’s ongoing, daily, critical maintenance and operations of electric distribution grid assets.
