Statement of Qualifications

Capability Summary: Material Management and Logistics

OVERVIEW

Pride Resource Partners LLC (Pride) is an NGLCC- and CPUC-certified LGBT-owned diverse business enterprise that offers expertise in **material management and logistics services** to ensure project success for our clients.

Our seasoned professionals have a comprehensive knowledge and understanding of the equipment, materials, components, and processes relevant to maintenance, repair, and construction of electrical utility assets. Having an efficient and effective material management and logistics operations helps clients **avoid project delays** that are not only costly but also can adversely affect customer satisfaction.

Pride provides material management, including material-related and logistic-related activities, to ensure that materials are procured, inventoried, and available to meet project timelines and compliance dates. Pride provides innovative, flexible, and value-driven solutions that **increase visibility into the supply chain** and mitigate risk of material shortages. We assist with demand planning, safety stock, materials management for capital projects, data mining and analytics, and dashboard reporting. These services each support the end result of **improved supply chain reliability**.

Please contact us to learn more about our team and how we can assist you in developing and managing your material management and logistics solution.
